Call reference: EAC/S16/2020

Title: Call for proposals "Preparatory action – protecting the Jewish cemeteries of Europe: Continuation of the mapping process, stakeholders' involvement and awareness raising"

Version: 1 of 09/03/2021

Question 1:	Could the Ministry of Education, Science, Culture and Sports of Montenegro apply for this grant? Is Montenegro an eligible country for this call?
Answer 1:	**In accordance with section 6.1 *Eligible applicants* of the call for proposals, a public organisation such as a Ministry is eligible to apply for this call (see footnote 32 for a description of public organisations in this context). As Montenegro is a country participating in the Creative Europe programme, entities having their registered legal office in Montenegro are eligible to submit a proposal under this call (see footnote 33 for the list of participating countries).**
Question 2:	In the guidelines it is written that other Member States of the EU can be included but the proposal should at least cover some countries such as Lithuania, Slovakia. Our country (Italy) has also a cultural heritage to protect and we would like to know how to participate in this call. Is it possible to include our country without covering Lithuania, Slovakia etc? Are there other call that are addressed to all the Member States without priorities on some of them?
Answer 2:	**Section 2 *Objectives – themes – Priorities* of the call for proposals states that "*the activities foreseen in this action should, as a minimum, cover Lithuania, Slovakia, Poland, Hungary, Ukraine and Georgia. Other European Union Member States and/or European Neighbourhood Policy (ENP) countries may be included in the coverage with a rationale for their inclusion provided in the application*". Therefore, any proposal submitted under this call should include Lithuania, Slovakia, Poland, Hungary, Ukraine and Georgia to fulfil the set objectives.** **Please refer to our funding opportunities page** https://ec.europa.eu/culture/calls **for details of other calls currently open.**
