ANNEX

Annual work programme on grants and contracts for the MEDIA Mundus programme in 2013

Budget line: 15 04 68

Legal basis: Decision No 1041/2009/EC of the European Parliament and of the Council of 21 October 2009 establishing an audiovisual cooperation programme with professionals from third countries (MEDIA Mundus 2011-2013), OJ L 288 of 4 November 2009.

1. OBJECTIVES AND PHILOSOPHY OF MEDIA MUNDUS

MEDIA Mundus is based on the experience of the preparatory action MEDIA International (2008-2010). 2013 is the third and last year of MEDIA Mundus. As of 2014 MEDIA Mundus will be part of the MEDIA strand of the new Creative Europe programme.

The aims of MEDIA Mundus are:

- To increase the competitiveness of the European audiovisual industry,
- To enable Europe to play its cultural and political role in the world more effectively, and
- To increase consumer choice and cultural diversity.

The programme seeks to improve access to third-country markets and to build trust and long-term working relationships.

At the core of MEDIA Mundus lies the principle of reciprocity. In practise, this means that any project must clearly demonstrate a mutual benefit for European and third country professionals/audiovisual works.

MEDIA Mundus is conceived in complementarity with programmes implemented by the European Commission in the international co-operation context, aiming at developing audiovisual industries in third partner countries that can be interlocutors on equal terms with EU professionals.

Projects to be funded under MEDIA Mundus must:

- Be proposed and implemented jointly by European and third-country professionals in order to qualify for funding under the programme.
- Seek to promote international networking. To this end, except for projects submitted under Action 1- Option 1 (see point 2.1.1), each project must be driven and implemented by a group meeting three criteria:

- (1) The group shall have a minimum of three partners¹ (including the coordinator). However, projects with only two partners (including the coordinator) may be admitted where the necessary networking is guaranteed. The networking is guaranteed if the coordinator of the project is a European network of audiovisual professionals/companies covering more than ten European Member States.
- (2) The coordinator of the group must have its registered office in a Member State of the European Union or of Iceland, Liechtenstein or Norway. Projects starting after 1st July 2013 submitted by coordinators with a registered office in Croatia are eligible as well². Applications from "natural persons" (individuals) are not eligible.
- (3) The group must include at least one co-beneficiary linked to the audiovisual sector which has its registered office in a non-EU country (other than Croatia and Switzerland). Applications from "natural persons" (individuals) are not eligible.

Subsidised projects may not benefit from any other European Union funding for the same activity. Projects which could be funded under the Euromed audiovisual III programme or ACP films programme are not eligible under MEDIA Mundus.

Budget

The total available budget in the DB 2013 is EUR 4,626,000 (Subject to confirmation by the Budgetary Authority - *See the programming table in Appendix I*).

Modifications under this threshold shall not be considered as substantial. Indeed, the budget allocated to each action is purely indicative. If the mentioned budget for an action cannot be used due to the insufficient quality or number of proposals received, the Authorising Officer reserves the right to reallocate the remaining funds to another action. This reallocation must not affect substantially the nature and the objectives of the actions.

¹ The coordinator is the leader of the group and bears overall project management responsibility. The coordinator acts as the conduit for all communications between the Commission and the proposal/project from its submission to its conclusion. The coordinator organises and manages the submission of a proposal including all of the documents needed and the project deliverables. The coordinator is a beneficiary and a partner, who is subject to supplementary rights and obligations towards the Commission, due to his functions as liaison between the participants and the Commission, being responsible for collecting, integrating and submitting project deliverables.

The co-beneficiary is a partner involved in the design and implementation of the project and contributing to its funding. If the project is selected, each co-beneficiary must sign a mandate, annexed to the grant, by which he grants power of attorney to the coordinator to act in his name and for his account during the implementation of the project and undertakes to provide a particular financial contribution to the project. The costs incurred by a co-beneficiary for the action are eligible. The co-beneficiary shall also keep at the Commission's disposal all original documents relating to the agreement and agree that the Commission audit the costs related to the granted action. The associated partner is a partner who takes part in the implementation of the proposed activities of a project, but not to the same extent and at the same level of participation as a co-beneficiary; in particular, a partner cannot benefit from the European funding.

² Provided that Croatia will join European Union on 1 July 2013.

The funding measures proposed follow the specifications of Decision No 1041/2009/EC³.

It is foreseen to delegate the implementation of MEDIA Mundus to EACEA.

2. CALL FOR PROPOSALS

In 2012, the Commission intends to launch the third call for proposals for MEDIA Mundus for projects to be implemented in 2013/2014. This call covers projects starting between 1st February 2013 and 30st June 2014 and projects must be completed by 1st October 2014 at the latest. Preparatory costs for the projects are eligible at the earliest as of 1st January 2013.

This call will cover applications for projects under all specific objectives laid down in Decision 1041/2009/EC:

- Specific objective 1: Information exchange, training and market intelligence
- Specific objective 2: Competitiveness and distribution
- Specific objective 3: Circulation

To this end, the call for proposals for MEDIA Mundus 2013 consists of **four separate Actions**:

- **Action 1:** "Training" is aimed at meeting specific objective 1.
- **Action 2:** "Access to markets" is aimed at meeting specific objective 2.
- **Action 3:** "Distribution and Circulation" is aimed at meeting specific objectives 2 and 3.
- **Action 4:** "Cross-activities" concerns projects addressing at least two of the specific objectives specified above.

(See index 1.10 and 1.20 of the programming table)

Action 1 is aimed at meeting specific objective 1: Information exchange, training and market intelligence.

Objectives

In the field of information exchange, training and market intelligence, the objective of the programme shall be to strengthen the skills of European and third-country professionals, notably by:

- Improving professionals' understanding, in particular, of the operating conditions, legal frameworks, financing systems and cooperation possibilities of their respective audiovisual markets.

³ OJ L288 on 4.11.2009, p.10.

There are two different options for applying to Action 1:

2.1.1. ***Option 1:*** *Inclusion of students/professionals and teachers from non-EU countries (other than Croatia, Liechtenstein, Norway, Iceland and Switzerland) in initial or continuous training schemes supported by the MEDIA 2007 programme⁴, by extending the number of participants of the training to professionals from third countries.*

The eligible expenses will be limited to the costs resulting from the integration of students/professionals or trainers from non-EU countries (other than Croatia, Liechtenstein, Norway, Iceland and Switzerland). The amount of aid granted may not exceed 70% of the total eligible costs of the extension.

- For extension projects, the network effect is naturally guaranteed. Therefore, eligibility criteria for projects submitted under this sub-option are:

(See index 4.10 of the programming table)

Activities under the different areas of activities, as described above, are sometimes inextricably linked. Experience from the three preceding MEDIA International calls shows, that many projects touch upon several priorities, for example trainings with subsequent pitching events at co-production meetings. Therefore it is also possible to apply for projects of

a cross-cutting nature. The same conditions and criteria as laid down above will apply. The contribution requested by the applicant shall not exceed 70% if the project refers to Action 1 and 2 and 60% if it combines Action 1 or 2 with Action 3. A given project is only once eligible for funding under either Action 1, 2 or 3 or under Action 4.
